

Impure skin

AQUAPIL EXFOLIATING CLEANSER

Based on **gentle cleansing agents**

Gently cleanses skin without drying it

PARABEN-FREE

150 ml/5.07 fl. oz. tube

Description

AQUAPIL is a rinse-off cleansing gel, designed for cleansing impure and acne-prone skin. Eliminates excess sebum, gently cleanses and purifies skin. The Jojoba microbeads included effectively remove impurities, exfoliate without irritation and leave the skin clean and radiant. Also contains a strongly moisturising ingredient (Sodium PCA), Aloe Vera and Hamamelis Virginiana, with soothing and anti-redness properties.

Benefits

Exfoliates skin without causing irritation. Purifies skin and moisturises it.

How to use

Apply in the morning and evening on wet face, rub gently and rinse.

Contains

- Sodium PCA 3%: emulsifying cleansing agent with strong moisturising properties
- 1% Jojoba microspheres, barely visible and perceptible to the touch. Gently rubbing the product will make the granules remove impurities and dead cells from the surface of skin
- 0.2% Allantoin: with re-epithelising effect
- 0.5% Aloe vera and 1% Hamamelis Virginiana 1% extracts, 0.5% 18-β-glycyrrhetic acid: soothing, anti-redness properties

CANOVA®
