## ACNELL REPLENISHING CREAM

Based on **0.5% Azelogyline**

Prevents skin blemishes and purifies skin

*PARABEN-FREE*

50 ml/1.69 fl. oz. tube

### Description

ACNELL Replenishing cream is the ideal daily treatment for combination, oily and acne-prone skin. Helps to prevent acne imperfections and diminishes sebum production. Contains a purifying complex based on vegetable extracts and Azelogyline, an azelaic acid derivative that helps to regulate sebum production and moisturise skin. Has a lightweight texture that is rapidly absorbed. In addition, has a replenishing effect given by the moisturising ingredients included, which makes it effective in repairing skin damaged by pharmacological treatments.

### Benefits

Counters the formation of comedones and pustules, improving the wellbeing of subjects with impure skin. Repairs skin that has been fragilised by aggressive treatments.

### How to use

Apply a thin layer of cream twice a day to affected areas by gently rubbing.

### Contains

- **0.5% Azelogyline**: a derivative of azelaic acid, with sebum-normalising and moisturising properties.
- Purifying plant complex (black cumin oil, chaulmoogra, manuka and magnolia bark extract): helps to rebalance skin conditions, counteracting hyperkeratinisation and controlling bacterial proliferation
- Hyaluronic acid and Betaine: moisturising agents
- Hamamelis and Allantoin: with a soothing action

### Ingredients (INCI)

AQUA, TRIETHYLHEXANOIN, CETEARYL ALCOHOL, ISONONYL ISONONANOATE, GLYCOL PALMITATE, SODIUM SILICONALUMINATE, GLYCERYL STEARATE, PEG-100 STEARATE,
