Depigmentation products

### **DEPI 50+** **BRIGHTENING CREAM**

Based on **0.5% Hexylresorcinol**

Attenuates and prevents skin hyperpigmentation  
Has very high sun protection

*PERFUME-FREE, PARABEN-FREE*

50 ml / 1.69 fl. oz. tube

### Description

Day cream with very high sun protection that prevents photo-induced hyperpigmentation and reduces existing dark spots. Ideal for use in the face, hands and décolletage. Includes 0.5% Hexylresorcinol, which works on the formation of dark spots to reduce them, and micro-encapsulated Salicylic Acid and Niacinamide to increase product effectiveness. Also contains moisturising and anti-oxidant ingredients that leaveskin soft and supple.

### Benefits

Reduces skin discolouration, whatever the origin is, and prevents its formation. It brightens, illuminates and evens out the complexion. Also suitable as post-treatment care in dermatology (laser, peels) to maintain results.

### How to use

Apply an adequate amount in the morning after cleansing skin and renew application frequently.

### Contains

- **0.5% Hexylresorcinol**: derivative of resorcinol which inhibits the formation of melanin.
- Niacinamide: brightens skin, prevents the formation of new melanin.
- Micro-encapsulated Salicylic Acid: exfoliating agent, which enhances the effectiveness of the formulation by helping the delivery of the active ingredients.
- Filtering system: protect versus UVA-UVB radiation.

# CANOVA®

## Ingredients (INCI)

AQUA (WATER), ETHYLHEXYL METHOXYCINNAMATE, OCTOCRYLENE, BUTYL METHOXYDIBENZOYLMETHANE, CAPRYLIC/CAPRIC TRIGLYCERIDE, C12-15 ALKYL BENZOATE, DIETHYLAMINO HYDROXYBENZOYL HEXYL BENZOATE, CETYL ALCOHOL, TITANIUM DIOXIDE (NANO) (TITANIUM DIOXIDE), ETHYLHEXYL TRIAZONE, GLYCERYL STEARATE, PEG-100 STEARATE, ETHYLHEXYL PALMITATE, BIS-ETHYLHEXYLOXYPHENOL METHOXYPHENYL TRIAZINE, ALUMINUM STARCH OCTENYLSUCCINATE, SALICYLIC ACID, DIMETHICONE, TREHALOSE, NIACINAMIDE, HEXYLRESORCINOL, CAPRYLYL GLYCOL, 1,2-HEXANEDIOL, DEXTRIN, POLYDEXTROSE, XANTHAN GUM, AMYLOPECTIN, BISABOLOL, TOCOPHEROL, ALLANTOIN, VACCINIUM MACROCARPON (CRANBERRY) SEED OIL, FOLIC ACID, TROPOLONE, SODIUM HYDROXIDE.
