

Seborrhoeic dermatitis

RIVESCAL DS SOOTHING SHAMPOO

Based on **0.4% Piroctone Olamine**

Gently washes hair and scalp while
Reducing redness and flakiness

PARABEN-FREE, SLES-FREE

200 ml/6.76 fl. oz. bottle

Description

RIVESCAL DS Soothing shampoo is recommended for the treatment of intense and persistent dandruff and is useful to counter seborrhoeic, flaky skin. Includes 0.4% Piroctone Olamine, which keeps the proliferation of *Malassezia furfur* under control, a yeast that plays a key role in triggering seborrhoeic dermatitis. Allantoin and Niacinamide are also included and, in combination with a blend of ultra-gentle emulsifiers, help to soothe any irritation and itch.

Benefits

Counters *Malassezia furfur*, thus preventing redness and flakiness, besides gently washing hair and scalp.

How to use

Work the product into wet hair and evenly over the scalp, then rinse well. Repeat application if necessary. Use 2/3 times a week.

Contains

- **0.4% Piroctone Olamine:** effective anti-fungal agent. Has an important antiseptic effect, partly due to its antioxidant properties and also thanks to its intrinsic broad-spectrum antibacterial activity
- Glycerophosphoinositol and Niacinamide: help to reduce redness and itch

CANOVA®
