Description

SENSIQUELL Cleansing cream removes impurities while respecting the physiological acidity of skin and preserving the hydrolipid mantle. Ideal also to remove makeup, leaves the skin soft, smooth and fresh. Binds to impurities by affinity to remove them, without stripping skin.

Benefits

Recommended for the daily cleansing of delicate skin and also skin that is intolerant to soap and synthetic cleansers. Ideal also for washing the intimate area of newborns.

How to use

Apply to the area to be cleansed and remove with a cotton wool ball or rinse with water or a damp sponge. Warnings: avoid contact with the eyes. For external use.

Contains

- **Gentle emulsifiers:** gently, yet effectively remove impurities and makeup
- Lipidic fractions: bind to impurities by affinity, thus allowing to remove them
- Corn starch: leaves skin soft, smooth and very fresh
