

Delicate skin

SENSIQUELL XERO EMOLLIENT CREAM

Based on **5% Urea**

Rich and emollient, it is ideal for
dry and very dry skin.
Strongly moisturises and nourishes skin.

PARABEN-FREE

400 ml/13.52 fl. oz. bottle

Description

Very rich cream recommended for delicate and dry skin, useful as a complementary aid to therapies for skin xerosis. Based on strongly moisturising and nourishing ingredients like Urea, Shea Butter, Hyaluronic Acid and Borage Oil.

Benefits

Recommended for all cases of dry skin and xerosis. Very gentle, it is suitable for very sensitive skin, allergic skin, for children and newborns. Helps to restore the skin barrier, hence the ideal level of hydration.

How to use

Apply with a gentle massage. Use more times a day.

Contains

- **5% Urea:** a strong moisturiser
- Borage Oil: rich in Omega-6 fatty acids, which promote the proper restoration of the skin barrier function and protection against environmental agents that trigger irritation.
- Emollient ingredients: help to replenish the skin barrier, thus restore ideal hydration levels
