

Sun protection

REOXALL 100s CREMA SUN CREAM SPF 50+

Based on **0.5% Lipoic Acid**

Helps to prevent skin damage and
early skin ageing

PARABEN-FREE

50 ml/1.69 fl. oz. tube

Description

REOXALL 100s Sun cream is a formulation specifically developed to provide very high sun protection to delicate skin, skin that is sensitive to sunlight, fair phototypes (type I and II), photosensitised skin and to protect from photo-ageing. Also useful to protect skin that has been damaged by aesthetic treatments. Has a formula based on a set of physical and chemical filters and antioxidants, such as 0.5% Lipoic Acid, which help to prevent skin damage and early ageing. Has a film-forming texture that provides protection to skin.

Benefits

Sun cream that provides very high sun protection, SPF 50+ UVA-UVB. Prevents skin damage and early skin ageing.

How to use

Apply daily on face, neck and décolletage after cleansing skin. Repeat application several times a day.

Contains

- **0.5% Lipoic Acid**: antioxidant effect that counters early skin ageing and skin damage induced by sun exposure
- Physical and Chemical Filters: protect skin. They ensure very high sun protection for very sensitive skin
- Vitamins E, A, C: antioxidant effect
