Mild and moderate acne

SALIPIL PURIFYING MOUSSE

Based on **2% Salicylic Acid**

Purifies skin and reduces blemishes.
Suitable for the face, larger body and hair-covered areas

PERFUME-FREE PARABEN-FREE

150 ml/5.07 fl. oz. can

Description

SALIPIL Purifying mousse purifying is a soft, lightweight formula recommended for reducing imperfections in acne-prone skin. Can be used both in the face and larger body areas. The strong exfoliation it performs makes it suitable for all cases of localised hyperkeratosis. It is particularly recommended in the case of folliculitis and keratosis pilaris.

Benefits

Purifies and exfoliates skin, reduces and prevents impurities, regulates sebum production.

How to use

Shake well before use and dispense product while holding the can upside down. Apply twice a day, morning and evening.

Contains

- **2% Salicylic Acid:** keratolytic and anti-inflammatory, it is used to reduce the keratinic clog that would lead to comedones (whiteheads and blackheads)
- Vitamin E: has an anti-free radicals effect
- Urea: emollient and moisturising agent
- Beta-glucan: has a strong ability to bind to water and release it to the stratum corneum of the epidermis (moisturising effect), provides protection to skin against irritating chemical and physical agents. Has a strong film-forming effect.
